

**ARIENS**  
THE KING OF SNOW

# PATH-PRO™ SERIES

It's nimble. It's no nonsense. And it's not afraid to let it fly. That's the spirit of this lightweight legend. While easy to move around, the Path-Pro isn't a pushover and it's more than capable of muscling through 9 inches of snow in a snap. This machine makes quick work of clearing the way down to the pavement.

## HOUSING & PADDLE

Steel-walled housing shears through snow, while the reinforced rubber paddles and adjustable scraper bar keep things moving.

## COWL DESIGN

With an easy access maintenance hatch, we make it easy to keep your Ariens® running like an Ariens.

## WHEELS

Enjoy the mobility and agility of Ariens semi-pneumatic wheels.

## FOLDING HANDLEBARS

Folding handlebars make storage a cinch.

## AVAILABLE REMOTE CHUTE

Remote chute rotation gives you the power to let snow fly in any direction you please.

## AVAILABLE ELECTRIC START

Go ahead. Hit snooze. We promise your Path Pro will be up and at 'em as soon as you start.
